VARCLEAN TFR 300

Super Concentrate Traffic Film Remover and Multipurpose Degreaser

VARCLEAN TFR 300 is a multipurpose cleaner/degreaser formulated using high foaming surfactants, cleaning agents and alkalis for the removal of general dirt, traffic film and grease from vehicles and machinery.

VARCLEAN TFR 300 has been developed for vehicle bodywork and machinery cleaning. Care should be taken when used at strong concentrations on polished aluminium.

VARCLEAN TFR 300 can be diluted up to 300:1 depending on amount of road traffic film to be removed and hardness of local water. Application can be via pressure wash or brush and rinsed with clean water. This super concentrated formulation makes it the ideal choice for economical use across a wide variety of applications.

Features and Benefits

Excellent performance characteristics
High dilution ratio 300:1
Coloured product to aid selection and use
Contains high foam surfactants and metasilicates
High performance for arduous applications

Directions for use

Brush application 0.5% To 1.0%
High pressure 0.5% to 1.5%
Adjust dilution depending on water hardness and pressure washer type
When using pressure washer allow 5 minutes for activation before rinsing with clean water
Shelf life 3 years from date of manufacture
In use at 300:1 pH 10.0 to 11.0
Store sealed in a cool dry place between 5°C and 30°C

product data sheet

Typical Data

Parameter	Result
Appearance	Red liquid
Odour	Characteristic
Solubility in water	Soluble
Flammability	Non Flammable
Specific Gravity	1.09 g/cm ³
pH (@ 1% Concentration)	10.0 – 11.0
pH (as supplied)	13.0 – 14.00

Applications

Removal of dirt, grease, traffic film and grime
 Bodywork
 Tautliner - curtain sided trailers
 Chassis
 Vans, Buses, Trucks
 Painted surfaces
 Floors and walls
 Suitable for use with all types of vehicle cleaning systems
